"Learning and loving on our journey with Jesus"

October 2018

Dear Parents/Carers

Parent Survey 2018

Thank you to everyone who recently completed the Parent Survey. We very much appreciate you taking the time to complete the survey and overall, we received 26 responses. This is one of the ways in which the academy and school seek the views of parents and we place great importance on your responses.

At Ss Peter & Paul Catholic Primary School, we know that working in partnership with families has many benefits for our children. We value all feedback and we are really keen to hear what parents believe we are doing well, as well as the areas where parents would like to see improvements.

The survey results show an overall high level of parental satisfaction with the school along with:

- an overwhelming majority of parents would recommend Ss Peter & Paul School to others
- parents feel that the school is well led and managed
- we actively promote good behaviour
- children are safe at school and that they are well supervised
- agree that the school effectively meets the educational needs of their child/ren and teaching enables them to make good progress and develop the necessary skills for the future

What parents like about the school:

- "The school is amazing and have exceeded my expectations. They make learning fun and value and encourage the children for all the hard work they put in"
- "More importantly, I am happy that my child was privileged enough to be able to attend Ss Peter and Paul's as she has had an amazing experience and has set her up academically for Secondary school.

What parents would improve at the school:

- A few more trips throughout the year
- A nursery would be beneficial to the school

These comments are truly heartening and parents should also feel reassured that teaching and learning is an ongoing strategic objective for the school. We are not a school that sits back and we will use the results to continually improve the children's education and do our very best for the pupils who are entrusted to us.

"Learning and loving on our journey with Jesus"

We also recognise that some parents have answered 'I don't know' to the *'The school deals effectively with bullying'* question and two parents selected 'disagree'. With this in mind, we want you to feel better informed about;

- What exactly bullying is, and to participate in discussion and agreement around its definition
- What the roles and responsibilities of the school, Governors, parents and children are
- What proactive strategies the school employs
- What reactive strategies are used
- What cyber bullying is and how can this be overcome

There will be an opportunity for parents to come along to discuss these issues. A date will be shared after half term and we hope you will be able to join us.

We hope you feel that we want the school to be the very best it can be.

If you do have any concerns about your child, then in the first instance please contact your child's class teacher or if you would like to discuss any aspects of the survey or if you have any concerns or feedback please contact me.

Alternatively, a suggestion box is in the main reception area for all parents to make suggestions to the school.

Thank you once again for your continued support.

Yours sincerely

Mr Kevin Shakespeare
Principal
